Request for Public Comment

The public is encouraged to offer suggestions to improve the Kansas WIC Program.

The Kansas Department of Health and Environment, Nutrition and WIC Services administer the Special Supplemental Nutrition Program for Women, Infants and Children. (WIC)

Each year, Kansas submits a State Plan to the United States Department of Agriculture on the management of the WIC Program. The Policy and Procedure Manual (State Plan) may be viewed at: http://www.kansaswic.org/local_agencies/

Please submit comments about the WIC Program State Plan using any of the following.
