Are you uninsured or underinsured? We can help.

This Health Resource Guide is designed to help you identify where you can find access to health care, mental health care and oral health services for you and your family members.

It is also designed to help you locate helpful information and receive assistance in finding health insurance by signing up for insurance coverage through the Federal Insurance Exchange under the Affordable Care Act (ACA).

The clinics listed in this guide work together to help you locate not only basic health care services, but also specialists' services when they are needed. These clinics will do their best to provide you with consistent care and keep your health and medical records current.

Policies at each of these clinics are different. At many clinics, you must have an appointment, so call first to find out if you need an appointment and what you need to bring, such as a picture ID. Fees for services at many of the clinics are based on income and may be reduced or free if you live on a limited income and meet certain state and federal guidelines.

This guide lists clinics by location to help you find care as close to home as possible. It also lists the services you might need, such as vision care, obstetrics, child health, prescription assistance and more.

You can also find this information online at www.kchealthresource.org. You can search for clinics by location and type of service, view maps and get directions to each clinic.

For more copies of this guide, call the Mid-America Regional Council, 816-474-4240, or view the online version at: http://www.kchealthresource.org/print.aspx.

The information in this directory was provided by listed organizations and compiled by the Mid-America Regional Council. While we have made every effort to ensure accuracy at the time of publication, please note that changes occur frequently. Please contact the organization directly to confirm the most current information.

Urgent Care — General

An urgent medical condition is one that is not life threatening but may require prompt attention.

The advantages of using an urgent care center are:

- Urgent care centers are usually open early, close late, and have weekend hours.
- You do not need an appointment, and you probably will not wait long to be seen.
- The centers are staffed by medical staff who can deal with a wide range of conditions.
- These facilities are well equipped to provide medical care for minor illnesses or injuries.

Here is a list of the most common non-emergency conditions that could be treated at an urgent care center:

- Twisted or sprained ankle
- Cough, cold, sore throat
- Minor skin rash
- Ear infections/earaches
- Minor burns or injuries
- Cuts, bumps, and sprains
- Fever that won’t go away
- Flu symptoms
- General wound care
- Allergic reactions
- Animal/insect bites
- Mild asthma

Net for Kids

HealthNet for Kids (MHK) is Missouri’s health insurance program for children. Eligible children are under age of 18, are citizens or “eligible, qualified aliens,” and have household incomes within certain guidelines. There are also MO HealthNet insurance programs available for pregnant women (MO HealthNet for Pregnant Men) and low-income parents (MO HealthNet for Families). For most families, MHK is provided at no cost. Sifies with higher incomes may have to pay a premium. There are no deductibles or co-payments.

are a number of different ways to apply for MO HealthNet for Kids.

I can now complete and submit an English MHK application online at www.dss.mo.gov/mhk/accept.htm.

ith an English, Spanish, Bosnian or Vietnamese application online at www.dss.mo.gov/mhk/app.htm. Printed applications can be mailed or taken into your local Family Support Division office (see addresses on next page).

I can call your local Family Support Division office and ask them to mail you an application (see phone numbers on next page).

Monday – Friday, 8:30 a.m. – 5 p.m.

Aid of Western Missouri’s MHK Advocacy Project provides legal representation at no cost to families applying for or enrolled in MHK. Representation may involve assistance with the initial application or stipulation process or representation when an application is rejected or coverage is terminated.

Project can also assist in the appeals process if your child’s health plan denies coverage for certain medical services or treatment. Legal Aid also accepts many other types of cases for representation, including adult aid, housing, Social Security, defense for Municipal Court offenses, and domestic (including Orders of Protection and Divorce) cases. If you need help with your MHK case or if you have other legal issues, you should call Legal Aid at 816-474-6750 to complete an intake interview.

Websites for obtaining free or greatly-reduced priced medications:

**Needy Meds**
http://www.needymeds.org/
NeedyMeds, a national non-profit, achieves its mission by providing information on healthcare programs, offering direct assistance and facilitating programs. NeedyMeds is funded by small grants, donations, sponsorships, subscriptions to PAPTracker, and syndication of some of our database information. NeedyMeds also works with the patient assistance programs of several pharmaceutical distributors.

**The Partnership for Prescription Assistance**
https://www.pparx.org/
The Partnership for Prescription Assistance® may help patients who are uninsured or underinsured access the medicines they need through the program that is right for them – free of charge. Many patients will get their medications for free or nearly free.

**Rx Assist**
http://www.rxassist.org/
These are programs set up by drug companies that offer free or low cost drugs to uninsured individuals who cannot afford their medication. Most brand name drugs are found in these programs.

**Rx Hope**
https://www.rxhope.com/
RxHope is exactly what its name implies...a helping hand to people in need in obtaining critical medications that they would normally have trouble affording. We act as your advocate in making the patient assistance program journey easier and faster by supplying vital information and help.
