

Updating your WIC ID Number for Wichealth.org Lessons

Kansas WIC has updated their system for online nutrition education. We need your help getting old ID numbers updated. Here are the steps for updating your WIC ID number.

Step 1: Log in to your WIC health.org account on the computer or through the app and click on Edit Profile

The screenshot shows the Wichealth.org website interface. At the top left is the logo "wichealth | KANSAS". To the right are navigation links: "HOME", "OUR BLOG", "HELP", and "LOGOUT". Below the navigation is a white header bar containing "MY BOOKMARKS" and "EDIT PROFILE". The "EDIT PROFILE" link is circled in blue, with a blue arrow pointing to it from the text "Click Here" on the right. Below the header is a large banner image of a woman and a child on a couch. On the left side of the banner, the text reads "Start Or Continue A Lesson" followed by "Start a new online nutrition education lesson or continue where you left off last time." and a "Begin" button. Below the banner is a section titled "Health eKitchen" with the text "Healthy recipes featuring WIC approved foods." and a "View Recipes" button. At the bottom is a section titled "Your Recently Completed Lessons" with a small image of a woman and child, a checkmark icon, the text "Make Meals And Snacks Simple", and links for "View Certificate" and "View Lesson Summary". To the right of this section is a "Completed" status with the date "10-24-2019".
