

335 Multifetal Gestation

Kansas Risk Factor Summary

Risk Factor Code	Kansas Risk Factor Title	High Risk	Auto-Assigned	Based on MD Diagnosis	Category and Priority					USDA Revised Date
					PG	BF	PP	I	C	
335	Mutifetal Gestation		X		1	1	6			07/09

Kansas Risk Factor Definition

More than one (> 1) fetus in the current pregnancy.

[USDA Justification](#)

Note: USDA Justification is provided because it explains nicely why the risk is important. However, you must use the Kansas risk factor names and definitions which may differ slightly from the USDA document.
