Kansas Risk Factor Definition

Major surgery (including C-sections), trauma or burns severe enough to compromise nutritional status. Any occurrence:

- within the past two (≤ 2) months may be self-reported;
- more than two (> 2) months previous must have the continued need for nutritional support diagnosed by a physician or a health care provider working under the orders of a physician.

KWIC will auto-assign if the woman’s **Pregnancy End Date** is within 60 days and the **Delivery Method** recorded on any Health Interview for the current certification period is **C-Section**.

*Staff must assess and manually assign for other applicable conditions.
