

211 Elevated Blood Lead Levels

Kansas Risk Factor Summary

Risk Factor Code	Kansas Risk Factor Title	High Risk	Auto-Assigned	Based on MD Diagnosis	Category and Priority					USDA Revised Date
					PG	BF	PP	I	C	
211	Elevated Blood Lead Levels	X I, C only			1	1	6	1	3	05/15

Kansas Risk Factor Definition

Blood lead level of greater than or equal to five (≥ 5) $\mu\text{g}/\text{deciliter}$ within the past 12 months.

[USDA Justification](#)

Note: USDA Justification is provided because it explains nicely why the risk is important. However, you must use the Kansas risk factor names and definitions which may differ slightly from the USDA document.
