

411c Inapprop. Introduction Complementary Foods

Kansas Risk Factor Summary

Risk Factor Code	Kansas Risk Factor Title	High Risk	Auto-Assigned	Based on MD Diagnosis	Category and Priority					USDA Revised Date
					PG	BF	PP	I	C	
411c	Inapprop. Introduction Complementary Foods							4		05/17

Kansas Risk Factor Definition

Routinely offering complementary foods* or other substances that are inappropriate in type or timing. Examples of inappropriate complementary foods include:

- Adding sweet agents such as sugar, honey, or syrups to any beverage (including water) or prepared food, or used on a pacifier; and
- Any food other than breastmilk or iron-fortified infant formula before 6 months of age.

*Complementary foods are any foods or beverages other than breastmilk or infant formula.

[USDA Justification](#)

Note: USDA Justification is provided because it explains nicely why the risk is important. However, you must use the Kansas risk factor names and definitions which may differ slightly from the USDA document.
