

## 121a Short Stature, (Standing)

### Kansas Risk Factor Summary

Risk Factor Code	Kansas Risk Factor Title	High Risk	Auto-Assigned	Based on MD Diagnosis	Category and Priority					USDA Revised Date
					PG	BF	PP	I	C	
121a	Short Stature, (Standing)		X						3 C <24 mo	05/11

### Kansas Risk Factor Definition

Less than or equal to ( $\leq$ ) the 5<sup>th</sup> percentile height for age as plotted on the 2000 CDC age/gender specific growth charts.

### [USDA Justification](#)

**Note:** USDA Justification is provided because it explains nicely why the risk is important. However, you must use the Kansas risk factor names and definitions which may differ slightly from the USDA document.
