

134 Failure to Thrive

Kansas Risk Factor Summary

Risk Factor Code	Kansas Risk Factor Title	High Risk	Auto-Assigned	Based on MD Diagnosis	Category and Priority					USDA Revised Date
					PG	BF	PP	I	C	
134	Failure to Thrive	X		X				1	3	12/20

Kansas Risk Factor Definition

Presence of failure to thrive. The condition must be diagnosed by a physician as self-reported by the caregiver; or as reported or documented by a physician, or someone working under physician’s orders.

[USDA Justification](#)

Note: USDA Justification is provided because it explains nicely why the risk is important. However, you must use the Kansas risk factor names and definitions which may differ slightly from the USDA document.
