* Includes in state occurrences to Kansas residents and out of state residents, plus Kansas resident out of state. Ratio per 1,000 live births.

[†] Abortion ratios are per 1,000 live births, and are based on Kansas residence.

[‡] As of July 1, 1995, reporting became mandatory for every medical care facility and every person licensed to practice medicine and surgery.

[¶] Numbers from 1999 on are larger than the ones reported in the preliminary reports due to induced termination of pregnancy reports received from other states after the Kansas reporting deadlines.
