

Covid Testing Supply Request

v 1.10

This form is used to direct you to the [request form for COVID testing supplies](#) from the **Kansas Department of Health and Environment** Laboratory.

COVID-19 Testing Supplies will no longer be directed to local or state Emergency Management. However, request for other supplies (PPE, medications, etc.) may continue to be made through local Emergency Management.

Certain groups have restrictions on their available supplies, orders placed by these groups must identify their facility type/classification in the survey.

Requestor will receive an emailed response upon receipt of the request at the Laboratory. By ordering supplies through this portal your facility agrees and understands that no patient or facility can be billed for supplies received through this process. If you have any questions or concerns with this requirement, please email: kdhe.KHEL_HELP@ks.gov

For questions regarding the supplies available, please call Lab Customer Service at:

785-296-1620

OR EMAIL

kdhe.KHEL_HELP@ks.gov

Orders will not be accepted over the phone.
