

**State of Kansas
Preferred Drug List (PDL)
Conflict of Interest Disclosure**

The Kansas Medicaid Preferred Drug List (PDL) Advisory Committee and persons testifying or presenting to the Kansas PDL Advisory Committee are asked to disclose any financial or other affiliation with organizations that may have a direct or indirect interest in the business in front of the Committee.

A financial interest may include, but is not limited to, being a shareholder in the organization (direct purchase), being on retainer with the organization, or having research or honoraria paid by the organization.

An affiliation may include holding a position on an advisory committee or some other role or benefit to a supporting organization.

The existence of such relationships does not necessarily constitute a conflict of interest and will not preclude an individual from participating on, or addressing the PDL Advisory Committee. This policy is intended to openly identify any potential conflicts so that the PDL Advisory Committee members and the public are able to form their own judgements.

Please check the box on the statement that best applies.
