

Kansas Department of Health and Environment
2021 Large Quantity Generator (LQG) Monitoring Fee Invoice
(MF Form)

EPA ID Number:

Site Name:

Address:

City:

State:

Zip:

1. Record the tons of hazardous waste generated in 2021 in the table below.

- All quantities must be reported in tons (1 ton = 2,000 pounds)
- If the density of a liquid is unknown, use a conversion factor of 1 gallon = 8 pounds
- EXEMPTION: Hazardous wastes that are reclaimed onsite to recover substantial amounts of either energy or materials are exempt from the fee, however hazardous waste residues produced during reclamation are not exempt.

Line	Category of Waste	Tons Generated in 2021
1	Total quantity of hazardous waste:	
2	*Hazardous waste that is exempt from the fee:	
3	Hazardous waste that is subject to the fee (Line 1 minus Line 2):	

***Note: You must attach an explanation of why the waste meets the exemption.**

2. Use the chart below to determine the LQG monitoring fee due for this facility.

QUANTITY GENERATED IN 2021 (FROM LINE 3 ABOVE)	Fee
Less than or equal to 5 tons	\$300
Greater than 5 tons, but less than or equal to 50 tons	\$900
Greater than 50 tons, but less than or equal to 500 tons	\$2,800
Greater than 500 tons	\$8,000

2021 LQG Monitoring Fee _____

(Note: If this facility paid a KSQG/SQG fee for 2021, you may subtract that amount from the 2021 LQG fee.)

3. Submit fee payment and this invoice along with your Hazardous Waste Report before March 1, 2022:

Make check payable to the "Hazardous Waste Management Fund-KDHE

Include the facility EPA ID number on the check.

If the check includes payment for more than one facility, provide detailed information indicating the EPA ID number and fee amount for each facility.

Make a copy of this invoice for your records and keep for a minimum of three years.

Mail payment to:
