

05/10/23 Intermediate Care Facilities for Individuals with Intellectual Disabilities
(ICF/IID) Webinar Q&A

Where are these regulations located? We are a large facility and the KSFM says we are to follow IFC-2006 Edition for CMS Buildings and NFPA 101-2012 Edition for NON CMS buildings.

IFC-2006 would only be utilized on non-CMS facilities. 2012 NFPA 101 will be used for all CMS facilities. You can view all NFPA standards for free on the NFPA Website.
