This PDL applies to drugs billed on the medical benefit and the pharmacy benefit. Generic drugs and interchangeable biologic products are required when available on the market, for both preferred or non-preferred agents, unless a Brand Medical Necessity prior authorization request is approved. Products listed in **RED** have changed from the previous month's publication. Medications marked with an **asterisk (*)** may be opened and sprinkled into soft food or dissolved in water, as per product labeling. Products marked with a **(+)** indicate that the brand name product is no longer available. **Some PDL drugs also have clinical prior authorization requirements. Please see the link below for additional information:**
