Provider Bulletin Number 528

Professional Providers and Clinics

Coverage of fluoride application by medical providers

Effective with dates of service on and after September 1, 2005, physicians (general practitioners, pediatricians and family practice physicians), nurse practitioners, and physician assistants may provide topical application of fluoride (prophylaxis not included) for children. This service is limited to three applications per beneficiary per calendar year.

Submit claims to EDS using procedure code D1203 on the HCFA-1500 claim form.

This policy does not apply to Local Health Departments or Federally Qualified Health Centers.

Information about the Kansas Medical Assistance Program as well as provider manuals and other publications are on the KMAP Web site at <https://www.kmap-state-ks.us>. For the changes resulting from this provider bulletin, select the *Rural Health Clinic and Federally Qualified Health Center Provider Manual*, page 8-8 or *Professional Services Manual*, pages 8-9, or AII-1.

For a hard copy of the revised manual pages, send a request to Publications Coordinator, 3600 SW Topeka Blvd, Suite 204, Topeka, KS 66611 or send an e-mail to publications@ksxix.hcg.eds.com. Specify the bulletin by number, provider type and date, and include your mailing address with a specified individual or office if possible.
