

APPLICATION FOR A SOLID WASTE LANDFILL

Instructions

This application is required if the applicant intends to manage different waste (types or characteristics), operate the facility differently, and/or if significant modifications are proposed. This form may also be required for non-significant modifications, based on circumstances. A streamlined application for simple permit transfers (name change or ownership change only) is provided on the Bureau of Waste Management web site.

1. All facilities required to use this form, please fill out the following sections:
 - a. I. Applicant information,
 - b. II. Site information,
 - c. III. Type of application,
 - d. IV. Facility type,
 - e. V. Modifications proposed,
 - f. IX. Applicant's certification, and
 - g. X. Local government certifications.

2. The following sections *may* contain items that are not applicable:
 - a. VI. Items to submit with this application,
 - b. VII. Other facility information.

Many items may not be applicable to specific types of modifications or types of landfills. Please work with your permit manager to determine which items are not applicable, or state the reason you believe the item is not required.
