Article 19.—AMBIENT AIR QUALITY STANDARDS AND
AIR POLLUTION CONTROL

28-19-517. Class I operating permits; annual emissions inventory and fees. The owner or operator of each stationary source that is required to apply for a class I operating permit shall comply with this regulation.

(a) Annual emissions inventory.

(1) Each owner or operator shall submit to the department an annual emissions inventory for each stationary source for the year preceding the calendar year in which the source is required to apply for an operating permit and each year thereafter.

(2) Each annual emissions inventory shall be submitted for any regulated pollutant deemed necessary by the secretary from each emission unit, as defined in K.A.R. 28-19-200, and shall include the following:

(A) All operating information;

(B) actual emissions, including fugitive emissions, calculated pursuant to K.A.R. 28-19-210;

(C) any quantity of emissions regardless of operating hours, including sources that did not operate; and

(D) emissions from each source only while operating in Kansas, if the source operates both in Kansas and out of state.

(b) Annual emissions fee.

(1) Each owner or operator shall submit to the department an annual emissions fee based on the annual emissions inventory determined under subsection (a). Annual emissions fees shall be the greater of the following:

(A) \$1,000.00; or

(B) \$53.00 per ton of emissions multiplied by the total number of tons of emissions, with a maximum of 4,000 tons of each of the following pollutants rounded to the nearest ton:

(i) Sulfur dioxide;

(ii) nitrogen oxides;

(iii) PM10;

(iv) volatile organic compounds (VOCs); and

(v) hazardous air pollutants (HAPs), excluding HAPs already accounted for as VOCs or PM10.

(2) Each owner or operator shall make annual emissions fee payments by check, bank draft, credit card, or money order payable to the Kansas department of health and environment.

(c) Submittal.

(1) Each annual emissions inventory determined under subsection (a) and each annual emissions fee determined under subsection (b) shall be submitted on forms provided by the department, using either of the following:

(A) An electronic inventory submission; or

(B) a paper inventory submission, including a fee of \$250.00 for each paper inventory submittal and \$10.00 for each single-sided page.

(2) Each submission shall be signed by a responsible official, as defined in K.A.R. 28-19-200, and shall be due on or before April 1 of each year or, if April 1 is a Saturday or Sunday, on or before the next business day following April 1.

(3) If there is a change in the owner or operator of the stationary source, the owner or operator at the time the submission is due shall be responsible for submitting the annual emissions inventory and fee payment. For purposes of determining the annual emissions inventory required by subsection (a) for any period in which there was any other owner or operator of the stationary source, the owner or operator may assume current operating and emission information if the owner or operator is unable to obtain actual information from any previous owner or operator.

(d) Late fee and refund.

(1) Each owner or operator who fails to submit the annual emissions inventory and pay the annual emissions fee by the due date specified in subsection (c) shall pay a late fee. The late fee shall be \$200.00 per day or 0.10 percent of the annual emissions fee per day, whichever is greater.

(2) Any overpayment of \$100.00 or more made by the owner or operator of a stationary source may be refunded. Overpayments in any amount less than \$100.00 shall not be refunded.
