Kansas Resource Guide
The Kansas Resource Guide is an informational service designed to connect Kansans and service providers with resources.
1-800-332-6262
www.kansasresourceguide.org
The Kansas Special Health Care Needs (SHCN) program provides specialty medical services to infants, children and youth up to age 21 who have eligible medical conditions and persons of all ages with metabolic or genetic conditions screened through the Newborn Screening Program:

- One-time diagnostic evaluations
- Direct Assistance Programs
- Care Coordination

All services must be prior authorized and based upon financial eligibility. Additional information about services and financial guidelines can be found online at www.kdheks.gov/shcn

Eligible Medical Conditions

1. **Genetic/Metabolic Conditions**: Phenylketonuria (PKU), Congenital Hypothyroidism, Galactosemia, Cystic Fibrosis, Sickle Cell Disease and others identified by Newborn Screening*
2. **Cardiac**: congenital heart defects, Congestive Heart Failure, Cardiac Arrhythmia and other select cardiac conditions.
3. **Craniofacial**: Cleft Lip and/or Palate, Hydrocephalus and other craniofacial anomalies
4. **Hearing Loss**
5. **Gastrointestinal Problems** (problems requiring surgery)
6. **Genitourinary Problems** (problems requiring surgery)

*NOTE: Only the genetic/metabolic conditions screened through the Newborn Screening program are eligible for services unless otherwise noted. Persons with these conditions may be served into adulthood, providing they meet the required eligibility criteria.

Care Coordination services assist in navigating health care and other systems to meet you or your child’s needs. As a partner, we will work with you to achieve your goals in providing assistance, support and understanding. This is a voluntary program and all individuals have the choice of opting in or out of care coordination services.

Special Bequest:

The Special Bequest Fund allows for specific requests for financial support of medical equipment, specialized care, education or other needed items that can improve health status, function, or quality of life for those with special health care needs. All requests are subject to Special Bequest Commissioner approval. Only those eligible for SHCN services may apply for support from the Special Bequest Fund.
