KANSAS INFORMATION NOTICE 08-02

PRECAUTIONS TO TAKE BEFORE  
SHARING SENSITIVE SECURITY-  
RELATED INFORMATION

### Addressees

All Kansas licensees who are implementing the Increased Control requirements.

### Purpose

This information notice is to alert licensees of precautions to consider before sharing sensitive security-related information with others. Recipients of this IN should review the information contained for applicability and consider any necessary actions, as appropriate. These are not new requirements therefore neither specific action nor a written response is required.

### Description of Circumstances

See the attached NRC information notice IN 2008-03

### Discussion

Licensees are reminded that the sharing of information with public officials must be protected in compliance with IC6, and should be shared only with those who have a need-to know. Generally, public officials such as fire department personnel do not have a need-to know.

Licensees should not submit IC documents during the licensing process. Inspection staff will review the appropriate documentation during security inspections.
