

# WIC Shopper app instructions and registering eWIC Card

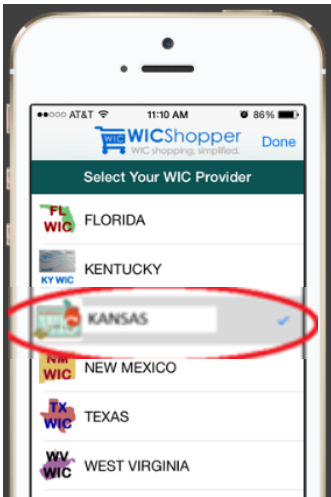

## Step 1 - Get the App

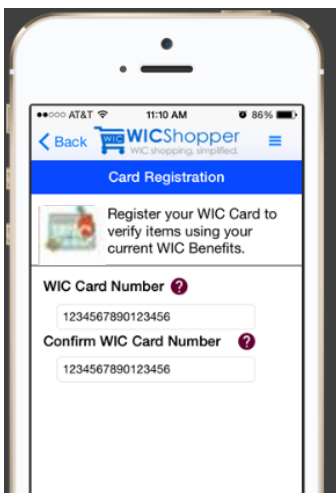

Download WIC Shopper from your app store

**\*Note – If you have already downloaded the app:**  
Select **Menu** (little bars on the top right-hand corner)  
Select **Kansas**

Then it will take you to the **Registration** screen (see Step 3: Register your eWIC Card)

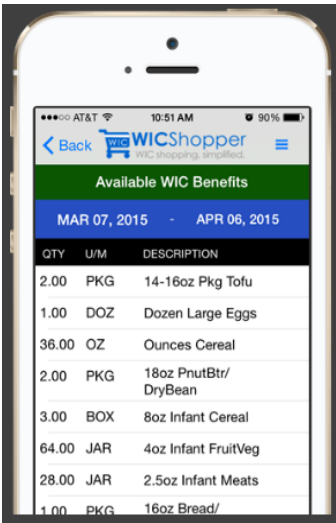

## Step 2 – Select your WIC Provider (Kansas)

## Step 3 – Register your eWIC Card

Register using the 16 digit number on the front of your eWIC card.

## Step 4 – View your benefits

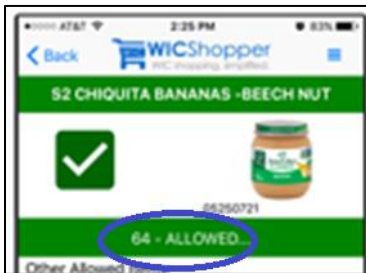

Once you have registered your card, your current benefits will automatically display on the app.

## Step 5 – Scan Products

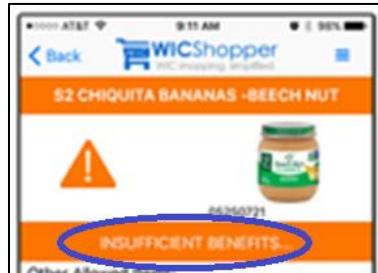

Scan products as you shop to verify WIC eligibility. The app will tell you if it is WIC eligible as well as tell you if the item is eligible for YOU with your remaining benefits.

### Possible results:

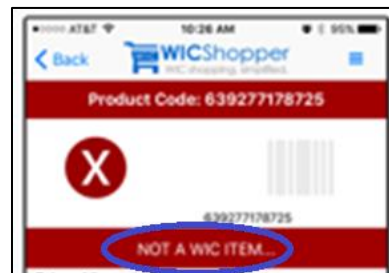

#### “64 – Allowed”

This means this product is WIC approved and there are 64 containers available in the account to be purchased.

#### “Insufficient Benefits”

This means this product is WIC approved, but there are no remaining benefits for this item available in the account.

#### “Not a WIC item”

This means product is not an approved WIC item and cannot be purchased.
